

OL1B-LED120-RF3

LED BASED BULB RETROFIT KIT WITH FLANGED LENS

FEATURES

- Retrofits most flange type fixtures
- Highly resistant glass construction
- Reduced energy consumption by 96% versus incandescent
- 10 year durability
- Very stable light output under voltage variations

SPECIFICATIONS

Light output

Lamp type	LED
Effective candelas	32.5 min.
Horizontal coverage	360°
Vertical beam	>10°
Expected min. lamp life	70 000 hours +

Electrical value

Power consumption	4 Watts
Current at 120 Vac	0.06 A (rms)
Power requirements	120/240 Vac 50/60hz

Mechanical

Weight	0.5 Kg (1 lb)
--------	---------------

Others

FAA type	L-810
Transport Canada type	CL-810
Operating temperature	-55°C to 55°C (-67°F to 131°F)
Warranty	5 years

COMPLIANT WITH:

• **FAA** AC 150/5345-43F

•  Transports Canada Transport Canada CAR 621.19
